MODULAR AND FLEXIBLE
WORKSHOP FURNITURE

INDIVIDUAL
SOLUTIONS
AND GREAT
FLEXIBILITY

FLEXLINE WORKSHOP FURNITURE

FLEXLINE can be adapted to all your needs and wishes at your workshop. The possibilities are virtually endless – both in terms of the size of workstations and the combination of modules.

The modular furniture can be used in both professional and private workshops, where it provides a framework for structure and order – while delivering a visual wow-experience.

WHAT IS FLEXLINE WORKSHOP FURNITURE?

FLEXLINE is modular workshop furniture consisting of various cabinets, a large number of base modules, worktops and tool panels..

But it is much more than that.

Within the FLEXLINE series, you will also find a range of workshop carts, workbenches, and a lot of excellent accessories - which together provide structure for tools, parts, and consumables in the workshop.

We have 3 different FLEXLINE series: FLEXLINE Grey, FLEXLINE Black, and FLEXLINE Heavy Duty.

FLEXLINE finds its use in many types of workshops in both the automotive and industrial sectors.

WITH FLEXLINE YOU GET:

- Workshop furnishing at competitive prices
- Large selection of modules for individual composition
- Unlimited possibilities in terms of composition
- Beautiful and streamlined colours
- All modules are in stock – and can therefore be delivered quickly

Can we help you? We are happy to share our knowledge // ahcon@ahcon.dk

AHCON PREMIUM ORGANISERS

With a focus on functionality and structure, we have designed our very own range of great-looking workshop organisers, painted in RAL 9006.

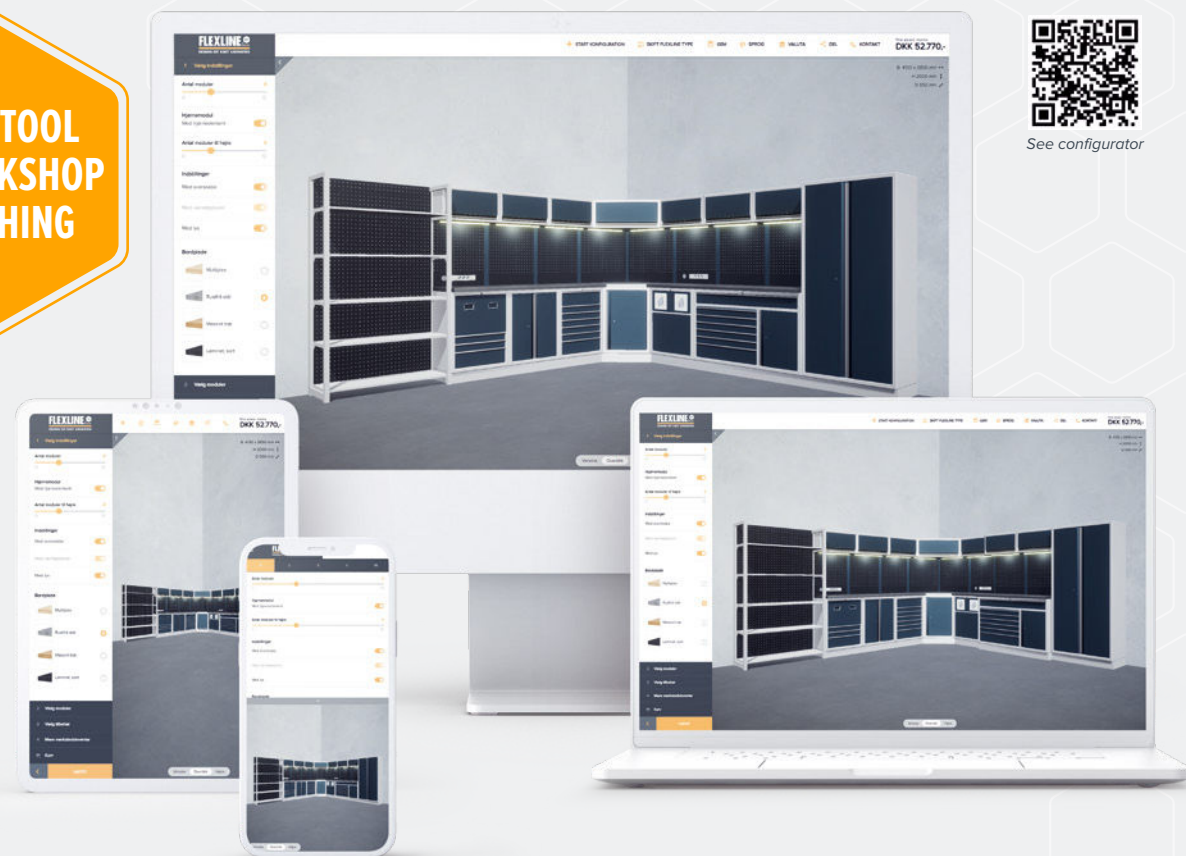

Each of these organisers meets a different need for structuring different work tools and materials – and they can easily be mounted on various FLEXLINE tools panels.

DESIGN YOUR OWN ARRANGEMENT WITH FLEXLINE CONFIGURATOR

It has now become a lot easier and quite a bit more fun to configure your workshop furniture.

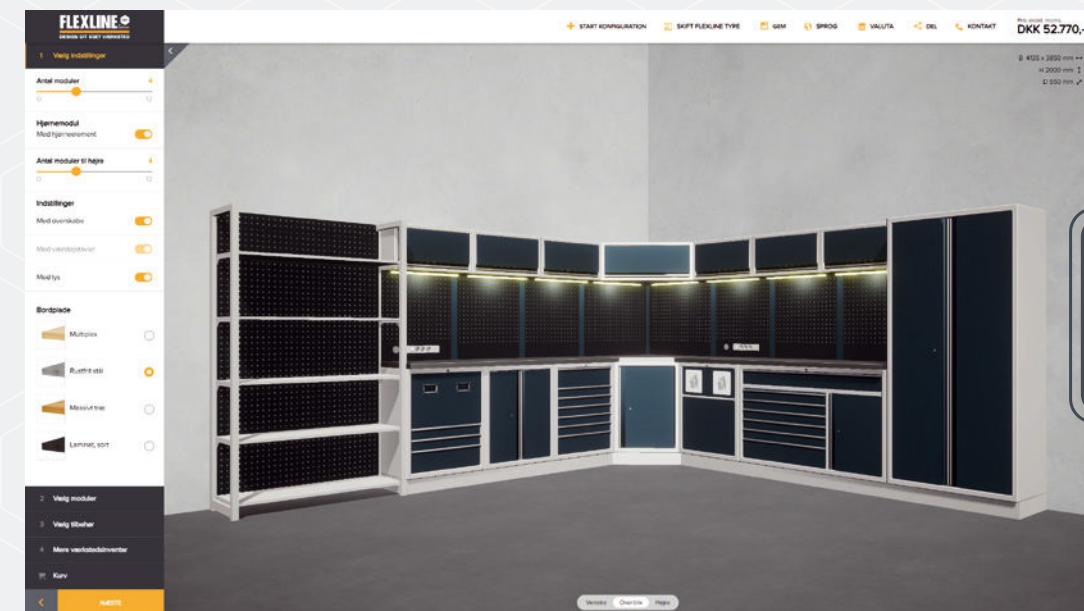

We have developed our own online program where you can combine workshop furniture modules – to suit you and your specific needs – www.flexline-configurator.com

WE ALSO HANDLE LARGE PROJECTS AND COMPLETE WORKSHOPS

The FLEXLINE Configurator is great for designing an individual set-up.

However, if you need several workstations or if your whole workshop needs to be fitted, then we recommend that you talk to our furniture sales department.

They have the knowledge and experience to ensure that your project will be a success. They will draw and advise you, and they will customise the solution to meet your needs.

We have also entered into a collaboration with a number of distributors and dealers around the world, who you will find at www.flexline-configurator.com

FLEXLINE is workshop furnishing for all industries. The range consists of numerous modules that can be assembled into complete solutions. In addition, there are workshop carts, workshop benches and a wide range of functional accessories. FLEXLINE is a brand under the Danish supplier and manufacturer of workshop equipment, FLEX1ONE A/S. All FLEXLINE products are stocked in Denmark – and can therefore be delivered quickly to customers, both domestically and abroad.
